B. Inspection Fees

1. Permits Not Valid. No building, electrical, plumbing mechanical miscellaneous or other permit issued by the Department of Inspections shall be valid unless all fees as prescribed by this ordinance shall have been paid to Alamance County.

- 2. Work Commenced Prior To Obtaining Permits. In all cases where building, construction, electrical, plumbing, mechanical or other work for which a permit is required is commenced before such permit is obtained, except where specific permission is granted to proceed by the Inspections Department, any permit fee due Alamance County for a permit for such work shall be twice the amount of the regular permit fee specified herein which would have been due had such permit been obtained prior to commencing work.
- 3. Transferable. In some cases, permit fees may be transferred from one permit to another. Permit fees are not refundable.
- 4. Time Limitation. All permits expire six months after the date of issuance if the authorized work has not commenced. After commencement of work, if work is discontinued for a period of twelve months, the permit expires. If no inspection has been requested within a twelve-month period, it shall be presumed that work has stopped and the permit has expired.
- 5. An extra trip or re-inspection fee may be assessed when the project is not ready for an inspection, recurring deficiencies exist, or inspection requests are not canceled on time.
- 6. Final inspections, Certificates of Completion and Certificates of Occupancy will not be issued until all outstanding fees are cleared by the Central Permitting Office.
- 7. Gas piping fees. When a fee is charged for gas-fired appliances, a separate gas-piping fee shall not be required as long as the gas-piping and appliance are ready for inspection at the same time. Appliance shall mean any gas connected appliance or any gas outlet provided for future appliance connection.
- 8. Notification of inspection results shall be left at the job site.
- 9. Installations not addressed by this fee schedule will be charged using a minimum fee and per inspection trip criteria.

Section VIII. School System to Receive Fines and Forfeitures

The Alamance-Burlington School System is entitled by law to the entire revenues for the fiscal year from fines and forfeitures, to be distributed by the County Finance Officer, without becoming a part of the County General Fund appropriation. Revenues from fines and forfeitures for the fiscal year beginning July 1, 2018 and ending June 30, 2019 are estimated to be in excess of \$700,000.

Section IX. Enhanced 911 System Surcharge

Effective January 1, 2008, the State changed the guidelines for surcharges to provide E911 services. IT has gone from ordering, connecting, backing up, configuring wired desktop PCs and servers, to a department that must now also research, fully secure, maintain, replicate, connect, install and support hundreds of programs and applications on smart devices, cameras, mobile devices, PCs, and virtualized servers which are connected through wires, Wi-Fi, cell towers, our internal network and the cloud. Plus we communicate to our citizens in new ways through social media and the web, retain years of vital records, and especially this year, put in ever more sophisticated safeguards to keep hackers at bay.

GENERAL INFORMATION

The Stepping Up Initiative is a three year grant program funded by the Bureau of Justice Assistance to reduce the number of people with mental illness in our county jail. Jails spend two to three times more money on adults with mental illnesses that require intervention than on those without those needs, yet often do not see improvements to public safety or these individuals' health. This grant will train law enforcement officers in identifying people in need of mental health evaluation in order to obtain support from social and mental health services.
